

# RR300

Due to our reputation of **50 years** serving the light helicopter market and **RR confidence** in our work, we are one of the **first RR300 independent MRO centres**

**ITP and its clients have common goals;** one of them is the optimization of maintenance works. For that, **ITP has developed the most up-to-date repair technologies** and has **the best engineering team** for workscope definition and fleet optimization.

# RR300

## Authorized Maintenance Repair and Overhaul Center (AMROC)

### Services provided

- Complete engine and module overhaul, repair and test capability
- All kind of repairs, modifications (bulletins), scheduled inspections and overhauls, including engine accessories
- Engine model conversions and upgrade at clients convenience
- OEM warranties administration
- With an extensive experience in troubleshooting, Aeromaritime's On-site Team is available worldwide 24/7. On-site assistances are suitable not only for solving any engine problems and urgencies, but also for scheduled line maintenance works
- RR300 has been designed on the concept of the well proven M250
- Platform: Robinson R-66

### Did you know that...

**Robinson R66 powered by RR300 is a best-seller on its class. We are thrilled about it!**
